Dean Anderson read an announcement from the Student Association asking the faculty to attend the program this evening.

The budget sheets are being distributed and should be made out promptly and returned to the Treasurer's Office by May 5.

Mr. Ward has a list of those who are properly registered to vote in the coming election.

The Florida Association meeting is in Tallahassee tomorrow and Saturday.

Dr. Armstrong read the results of the straw vote as indicated on the attached sheet.

President Holt asked for a report from the committee.

Dr. Stone asked to withdraw his original motion with the consent of his second. Professor France agreed.

Dr. Stone made the following motion:

"As a substitute for the existing requirements in the Lower Division the Committee moves the adoption of the following plan to be put into effect in the Fall of 1939, or earlier, at the discretion of the President, the Dean of the College, and the instructors involved.

- D. Integrated English.

OR the present requirements in Human Relations, English and Foreign Languages? "

Professor Weinberg called the attention of the President to the fact that a previous motion was before the house and could not be withdrawn without being tabled or with the consent of the faculty.

There was prolonged discussion as to the meaning of the questions and the advisability of voting at the present time.

Dr. Armstrong asked what should be considered a majority if a final vote were taken. Dr. Stone referred this to the President who said that he believed unless the vote was to a large degree unanimous we should not attempt to make any change.

Dean Enyart said that the proposal was not clear--it was not a plan but a series of questions and he could not vote on what he could not understand.

Dean Anderson asked whether the committee was seeking information or if the proposal was a formal vote--if a formal vote, it was out of order. Dr. Stone said it was intended as a formal vote.

Dean Anderson called the attention of the President to the fact that the motion had not been seconded. Professor Hanna then seconded it.

Dean Anderson moved an amendment to the effect that before any vote was taken we discuss the student plan. Seconded by Professor Weinberg. At the suggestion of Dr. Armstrong, with the approval of Dean Anderson and Professor Weinberg, this was changed to include the other faculty plan. CARRIED.

President Holt suggested that a straw vote be taken today on the questions for the information of the committee.

It was moved by Professor France, seconded by Professor Roney, that we take a straw vote on the questions submitted today. CARRIED.

Professor Weinberg moved that we adjourn after the taking of the vote. Meeting adjourned at 5:10 P.M.
